CCC-Exempt Declaration

As we know, CCC certification is mandatory in China for defined products, and CNCA is the responsible committee for the definition of CCC application range. So please visit the website below for the latest bulletin (No. 45 of year 2014) of CNCA for CCC:

http://www.cnca.gov.cn/xxgk/ggxx/2014/201512/t20151230_44252.shtml

Inline-Controller (ILC)

Description of product, product group or product family

Product list:
See list on next page(s).

Description of product function: Inline Controllers (ILC) are programmable logic controllers which support all common communication paths, such as Ethernet, a mobile network or landline. In addition, they can be easily expanded with Inline I/O modules and offer an integrated web server.

Reason why CCC certification is not required:
The programmable logic controller (可编程序控制器PLC) is not covered in CCC categories based on CNCA-Announcement No. 45 of year 2014.

So CCC Certification is not required for this product family.

Date of creation: August 2, 2018

SCATTERGOOD & JOHNSON LTD
ELECTRICAL ENGINEERING & FLUID CONTROL DISTRIBUTORS
Est.1899

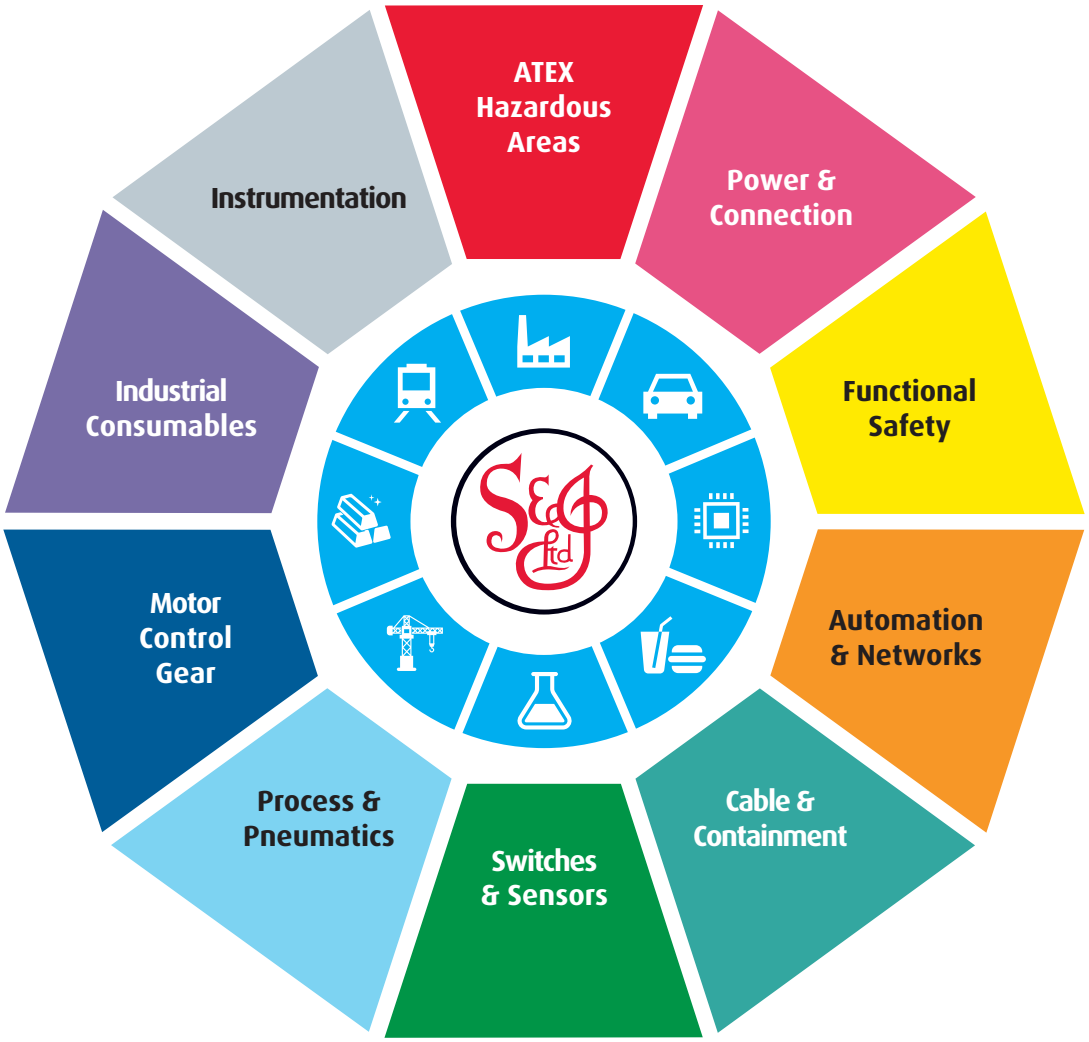
At Scattergood & Johnson Ltd, we pride ourselves on being a technical distributor to specialist industries.

Working with a range of quality product suppliers across a number of specialist markets, we are not your average 'box shifter' - we are your technical and supply chain partner.

We fully support every product we sell - for free! Our internal team and external sales engineers can answer any product or application question, no matter the complexity.

Backing up this technical ability is a range of 50,000+ products available from stock for nationwide next day delivery (same day if required!), or you can collect what you need from any of our trade counters around the UK.

Select your specialist interest below to learn more about how we can help.



Online, In Branch and On the Road - Scattergood & Johnson Ltd, there when you need us.
