© PHOENIX CONTACT 2017-09-22

1 Description

This document describes the procedure for updating the multiplexer software on the SD FLASH 512MB MODULAR MUX SD card.

2 Updating

- Double-click on the “PCW_x_Modular_MUX_Vx.msi” file to start installation.
- Follow the instructions of the installation wizard.

During installation, the “Modular_MUX_Vx” directory is created under the storage path „\Libraries\Documents\Phoenix Contact Libraries\PC Worx x”.

- Open the Modular_MUX_Vx directory.

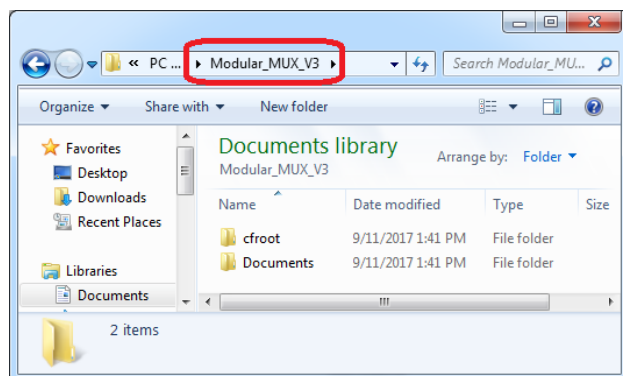

Figure 1 Modular_MUX_Vx directory on the PC

- Disconnect the power to the Inline controller.
- Remove the SD card.
- Insert the SD card into an SD card reader and connect it to your PC.
- Delete the “cfroot” directory from the SD card.

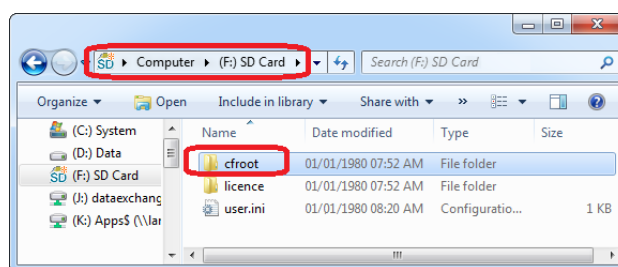

Figure 2 „cfroot“ directory on the SD card

- Copy the “cfroot” directory from the “Modular_MUX_Vx” directory to the SD card.
- The multiplexer software update is complete.

SCATTERGOOD & JOHNSON LTD

ELECTRICAL ENGINEERING & FLUID CONTROL DISTRIBUTORS

Est.1899

At Scattergood & Johnson Ltd, we pride ourselves on being a technical distributor to specialist industries.

Working with a range of quality product suppliers across a number of specialist markets, we are not your average 'box shifter' - we are your technical and supply chain partner.

We fully support every product we sell - for free! Our internal team and external sales engineers can answer any product or application question, no matter the complexity.

Backing up this technical ability is a range of 50,000+ products available from stock for nationwide next day delivery (same day if required!), or you can collect what you need from any of our trade counters around the UK.

Select your specialist interest below to learn more about how we can help.

Online, In Branch and On the Road - Scattergood & Johnson Ltd, there when you need us.
