CCC-Exempt Declaration

As we know, CCC certification is mandatory in China for defined products, and CNCA is the responsible committee for the definition of CCC application range. So please visit the website below for the latest bulletin (No. 45 of year 2014) of CNCA for CCC:

Program and configuration memory

Description of product, product group or product family

Product list:

See list on next page(s).

Description of product function: Program and configuration memory, plug-in, partly with license key for function block libraries, e.g., for: SNMP, SQL, wireless, motion functions, etc.

Reason why CCC certification is not required:

The program and configuration memory (存储器) is not covered in CCC categories based on CNCA-Announcement No. 45 of year 2014.

So CCC Certification is not required for this product family.

Date of creation: August 2, 2018
