AXL F I/O system for the control cabinet

Description of product, product group or product family

Product list:

See list on next page(s).

Description of product function:

The AXL F I/O system consists of controllers, bus couplers and I/O terminals for data transfer between the I/O level and controllers by using industrial bus systems and networks. They are used in automated plant engineering and machines.

Reason why CCC certification is not required:

The product family "AXL F I/O system" (输入/输出模块) is not covered in CCC categories based on CNCA-Announcement No. 45 of year 2014.

So CCC Certification is not required for this product groups.

Date of creation: 03 Jan 2019
