Energy storage devices

Description of product, product group or product family

Product list:

See list on next page(s).

Description of product function:

Energy storage device based on batteries or double layer capacitors for 12Vdc or 24Vdc.

Reason why CCC certification is not required:

For electrical and electronic products, CCC categories only apply to products that can be directly or indirectly connected to power supply over 36V (dc or ac RMS) except for telecommunication terminals, electric welding machines.

Date of creation: 18.07.2018
