Ethernet Patch Panel

Description of product, product group or product family

Product list:

See list on next page(s).

Description of product function:

The main function of a patch panel is to provide an electromechanical interface between a field cable and a RJ-45 patch cable. Some of the patch panels do provide an electromechanical interface between two RJ-45 patch cables.

Reason why CCC certification is not required:

According to the latest bulletin of CNCA for CCC, these above mentioned products do not belong to a CCC category and therefore are not in CCC application range.

Date of creation: 2018-06-14
