

EAO – Your Expert Partner for Human Machine Interfaces

10-2J09.1069 - Single-LED

10-2J09.1069 - Single-LED

Attention: The preview is based on a sample product. This can differ from your current configuration.

Other Attributes

Weight	0,002 kg
Operation current	3 / 6 mA ±15 %
Operating voltage	12 V AC/DC +10 %

Illumination

Socket	T1 ¼ MG
LED colour	white

Optics

Lumi. intensity	900 mcd
Dom. wavelength	x0.31/y0.32 nm

EAO – Your Expert Partner for Human Machine Interfaces

10-2J09.1069 - Single-LED

Dimensions

Additional information

When using AC/DC types with AC operation, slight flickering can occur

Luminous intensity data of the LEDs on direct voltage

Electrical and optical data are measured at 25 °C

The specified versions are built with a protection diode (half wave rectifier) in series and the LED

Luminosity and wave length variations caused by LED manufacturing processes may cause slight differences regarding the illumination

For supply voltages above 48 V, it is necessary to use a voltage reduction element (external series resistor or transformer)

SCATTERGOOD & JOHNSON LTD

ELECTRICAL ENGINEERING & FLUID CONTROL DISTRIBUTORS

Est.1899

At Scattergood & Johnson Ltd, we pride ourselves on being a technical distributor to specialist industries.

Working with a range of quality product suppliers across a number of specialist markets, we are not your average 'box shifter' - we are your technical and supply chain partner.

We fully support every product we sell - for free! Our internal team and external sales engineers can answer any product or application question, no matter the complexity.

Backing up this technical ability is a range of 50,000+ products available from stock for nationwide next day delivery (same day if required!), or you can collect what you need from any of our trade counters around the UK.

Select your specialist interest below to learn more about how we can help.

Online, In Branch and On the Road - Scattergood & Johnson Ltd, there when you need us.
