

# SERRATED WASHER

Stainless Steel

High quality metallic serrated washers designed to protect against loosening of cable gland or locknut in vibrating applications. Often used when mounting a cable gland mounted to a thin wall enclosure, fitted internally with a locknut.

Suitable for maintaining vibration proofing requirements as specified in IEC/EN 60079

## Features

- Suitable for mounting internally to the enclosure with locknut.
- Offers protection against vibration loosening.
- Washers for other thread sizes available on request.
