

ASi Safety Relay Output Module with Diagnostic Slave, 1 EDM, 1 x 2 channel Safe Input

Safety + standard I/O in one module

Safety relay output with galvanically isolated contact sets, approved up to 230 V

Additionally 1 EDM input, 1 x 2 channel safe input

Applications up to category 4/PLe/SIL 3

Protection category IP20

Article no. BWU2236 ASi Safety Relay Output Module with Diagnostic Slave, 1 EDM, 1 x 2 channel Safe Input

The stainless steel ASi Safety Monitor controls the safety relays of the ASi Safety Relay Output Module by using a safety ASi single address. To set the safety ASi address, the dip-switch has to be in the ON/PRG position. Addressing can then be accomplished by using an ASi addressing device, for example. Several ASi Safety Relay Output modules can have the same safety address and can be controlled via this same safety address on a ASi circuit. All ASi Safety Relay Output Modules with the same safety address are controlled simultaneously.

In addition to the safety single address the module also supports an AB-address e.g. used to transmit the states of the standard inputs and a safety input address.

SCATTERGOOD & JOHNSON LTD

ELECTRICAL ENGINEERING & FLUID CONTROL DISTRIBUTORS

Est.1899

At Scattergood & Johnson Ltd, we pride ourselves on being a technical distributor to specialist industries.

Working with a range of quality product suppliers across a number of specialist markets, we are not your average 'box shifter' - we are your technical and supply chain partner.

We fully support every product we sell - for free! Our internal team and external sales engineers can answer any product or application question, no matter the complexity.

Backing up this technical ability is a range of 50,000+ products available from stock for nationwide next day delivery (same day if required!), or you can collect what you need from any of our trade counters around the UK.

Select your specialist interest below to learn more about how we can help.

Online, In Branch and On the Road - Scattergood & Johnson Ltd, there when you need us.
