K	265	330	410	485	565	645	725	800	880

The required clearance height: $H_F = H + 25$ mm (with 1,5 kg/m fill weight)

Before using series 2400 on long travels please consult igus®.

Gliding applications | Long travels from 10 m to max. 100 m

Note: for long travel (gliding) applications, please consult igus®.

For long travels, igus® specifies series **2500** that snaps open along the outer radius.

In case of travels between 4 and 10 m we recommend a longer unsupported length. Chain length $S/2 + K_2$

E2/000 | e-chains® 2400·2500 | Accessories

Interior separation | New generation

Previous interior separation with optional elements ► www.igus.eu/2400 ► www.igus.eu/2500

Standard - for any application

Separator with a wide base for maximum holding strength in the e-chain®.

For even faster installation

Wide on one side for high holding strength, narrow on opposite side for easy cable fitting.

For thin cables

Separator with a narrow base for a large number of thin cables side by side. Saves space in e-chains®.

For side-mounted applications

Asymmetrical separator, for defined distance. No additional spacers required.

Horizontal separation

Full-width shelf locks securely into separators at both ends, giving a fixed width. Separators can be moved freely over the shelf in horizontal direction. Can be fitted at one height.

Lockable full-width shelves

Supplement Part No. with required radius (*R*). Example: 2500.05D36.100.0

Interior separation for extender crossbars

Standard separator, wide base

For maximum holding strength and safe standing. In standard configuration separators are assembled every 2nd link.

Horizontal separation

Full-width shelf locks securely into separators at both ends, giving a fixed width. Separators can be moved freely over the shelf in horizontal direction. Can be fitted at 3 different heights.

Separator with integrated strain relief

Strain relief separator Part No. 2020.Z can be integrated into the mounting bracket and can be placed at any point of the e-chain®. It combines strain relief and interior separation, it can be installed on the first or last e-chain® link and is easy to assemble without any screws. **More information ► from page 676**

Optional: support tray kit - for support of the lower run

- Simple one-piece support trays according to your requirements and specification
 - Easy installation onto your machine, on profiles or wall-mount brackets
 - igus® support tray - available in 2 types and 4 options
- More information ► from page 740**

SCATTERGOOD & JOHNSON LTD

ELECTRICAL ENGINEERING & FLUID CONTROL DISTRIBUTORS

At Scattergood & Johnson Ltd, we pride ourselves on being a technical distributor to specialist industries.

Working with a range of quality product suppliers across a number of specialist markets, we are not your average 'box shifter' - we are your technical and supply chain partner.

We fully support every product we sell - for free! Our internal team and external sales engineers can answer any product or application question, no matter the complexity.

Backing up this technical ability is a range of 50,000+ products available from stock for nationwide next day delivery (same day if required!), or you can collect what you need from any of our trade counters around the UK.

Select your specialist interest below to learn more about how we can help.

Online, In Branch and On the Road - Scattergood & Johnson Ltd, there when you need us.
