

# Copying station 5.1 for Bihl+Wiedemann chip cards

(figure similar)

<b>Article no.</b>	<b>BW5184</b>
<b>General information</b>	
Components	<ul style="list-style-type: none"> <li>• Read/write device for chip cards</li> <li>• Connection cable Micro USB to USB type A, cable length 1 m</li> <li>• Chip card transfer-software</li> </ul>
Description of operation	The copying station is used for easy duplication of chip cards for Bihl+Wiedemann devices. Via windows compatible software data stored on chip cards can be read and stored in a file on your PC. Stored files can be read and copied into a chip card.
Compability	Suitable for all Bihl+Wiedemann chip cards with a size of 32 kB (BW2079), 128 kB (BW2222), 512 kB (BW4055) in conjunction with a separate chip card carrier (BW5052) or for chip cards with a firmly connected chip card carrier 512 kB (BW5183) and for MP Plug 32 kB (BW3241).
	The BW5183 chip card is inserted into the copying station together with the firmly connected chip card carrier. The BW5183 chip card must not be removed from the carrier.
<b>System requirements</b>	
Operating system	Windows 10 / Win 11
Compatibility	32bit and 64bit systems
Interface	Micro USB, USB A
